About us

Medizia Biotech is a WHO-GMP & ISO 9001:2015 and DCGI Certified Pharmaceutical company offering third party manufacturing and PCD pharma franchise opportunities for intensive care products in India. A wide-ranging product portfolio and uncompromising quality control practices have established Medizia Biotech as a preferred healthcare partner across market. Our products include Critical Care Antibiotic Injections, Critical Care Gastroenterology Injections, Critical Care Cardiology Injections, Anti malarial, Analgesics and NSAID Injections which are manufactured under **WHO GMP** facilities. At our manufacturing unit, these injectables are processed using modern processing techniques and best grade chemical compounds in compliance with defined medical industry standards. Our astute experts test these products against promiscuous quality parameters to ensure their high reliability.

We have dedicated Quality Control & Analytical Research Laboratory set up to meet the domestic and international quality standards. We have the capability to deliver quality products within established time lines.

Our goal is to be recognized as one of the most trusted, innovative and best performing healthcare company in the industry.

At **Medizia Biotech**, our core values guide every decision and action, fostering a culture of integrity, innovation, and continuous growth. This commitment enables us to deliver outstanding value to our customers and create a workplace where people thrive.

Why Choose Medizia Biotech?

- Customer satisfaction remains our highest priority.
- Extensive portfolio across critical care and specialty segments.
- Commitment to superior quality and a diverse product range
Focused on building long-term relationships through trust and reliability.
